応募要項を満たしていない場合、選考の対象になりません。Incomplete applications will not be considered.
 提出された応募書類はお返ししません。Submitted applications will not be returned.

Duties

Announcement No. FEC-PW50-001-05

Performs a variety of technical engineering work on electrical systems and facilities, which requires extensive knowledge of facilities electrical systems, practical knowledge of the electrical trade, and fundamental practices and techniques. Prepares engineering analysis reports for electrical services and distribution systems, sub panels, lighting systems, lighting fixtures, emergency power & lighting systems, fire alarm & protection systems, ground earth systems, etc. Reviews and studies engineering information such as previous inspection files, special project files, FIP projects, minor works, specific works and PMI of recurring works, and conducts on site inspection, inventory and data collection on each facility. Prepares Annual Inspection Summary. Performs other related or incidental duties as assigned.
